

## Hope Uganda Fundraising foundation

Hope Uganda is a non-profit organization that through education supports orphans and needy children to a brighter future. It's all based on sponsored money, mostly from private sponsors. All donations go to the local organization *Hope Uganda Projects* that is currently managing Hope Preparatory School in Kabale, South-Western Uganda.

### You can support our work by:

#### Sponsor a needy child

*A sponsorship includes a good standard of living for a child. It gives the child education, a home and all kind of support that is needed to grow.*

#### Give a general school donation

*You can donate any amount of money you feel fits your wallet. This is what we call a general school donation. The money will be used in the daily operation of the supported school.*

#### Send items

*You can give a contribution to the work by sending school material, clothes, toys and whatever you can imagine that will be useful in running the school and giving the children a brighter future.*

Hope Preparatory School is a Pre and Primary School located in Kabale Town, Uganda. The school is for orphans and needy children that would never have had the chance to get an education. Today around 270 children are enrolled in school and most of them also stay for the night. The children get education, food and nutrition, shelter, medical care if needed and support for being a child. The needs are individual and we try to meet what each child needs.
